*July 14, 2008 Meeting Minutes*

**Old Business**

- National Enduro went really well. No complaints from anyone! BIG THANK YOU to all members, friends and spouses that helped to make this event a success! NEPG reported that the course, resets, route sheet, and organization were all top-notch. Club discussed, and decided to apply for a National Enduro again in 2009.
- Mini Moose June also went very well. Kids enjoyed the course, and everything went smoothly. Big THANKS to Scott and Harry for all the work they did to make the MiniMoose another huge success!
- Hiawatha National Forest Trail is progressing. Hope to have District Ranger approval this fall. We will need to follow up on the Grant Request for construction funds, if approved.
- DNR Trail Maintenance, we are maintaining Bass Lake and Forest Islands Trails again this year. Dick Liberty is in charge and will need our HELP! Please let him know that you can and will help. Then DO IT! We will be having another scheduled maintenance in the near future, Dick will be scheduling it.

**New Business**

- Motion was made and approved to make a \$300 donation to the Family Enduro Series for their awards.
- Ten members advised they would be available to assist with the UP300. A few other members advised they can't attend, but would assist if needed.
- Discussion about possibly applying for the Porterfield Lake Trail maintenance contract. Club decided that with the HNF trail on deck, we should focus our energies on building that trail and not spread ourselves too thin.
- Dick Liberty will be scheduling Trail Maintenance work bees for the Forest Islands and the Bass Lake trails. More info to follow when available.

**Next Meeting: 7.00pm, August 11, 2008 at the Sands Township Hall**
